#### Performance

Idaho® Russet potatoes consistently average high solids, season after season. This, coupled with low-moisture content, simply makes them better than those grown elsewhere. Use Idaho® Russets and you'll enjoy:

- Fluffier baked potatoes with bright, white interiors and more potato flavor
- Crispier, fuller, fresh French-fried potatoes that shrink less and absorb less oil
- Tastier mashed potatoes with consistent texture and unequalled taste. Even overmixing can't ruin these potatoes!

## IT'S GOTTA BE IDAHO

72<sup>%</sup> of Americans say they would be inclined to eat Idaho® potatoes over potatoes from other states

#### Taste

So why are Idaho® potatoes so much better than the rest? Idaho's growing season of warm days and cool nights, combined with plenty of mountain-fed irrigation and rich volcanic soil, produce the unique texture, taste, and dependable performance that keep customers asking for more.

### **Availability**

Idaho<sup>®</sup> potatoes are as dependable as the soil they grow in. Unlike potatoes from other states that are only available seasonally, Idaho® potatoes are usually available year-round.

### **Committed to Quality**

Idaho actively leads the industry in:

- Research, including growing techniques, food-safety issues, handling, and distribution.
- Advertising the goodness of Idaho<sup>®</sup> potatoes. Idaho uses the power of major media outlets to connect consumers with the Idaho® potato brand.
- Support. We provide educational training and merchandising materials to those who request it.
